3. Vision and Mission

Vision: To make every shipment on the road predictable, visible and efficient.

Mission: We turn raw movement data from trucks, warehouses and invoices into clear daily decisions, so that logistics teams can spend less time firefighting and more time planning.

4. Our Values

- **Ground Truth First** - we trust what happens on the road, not what a slide deck says.
- **Own the Last Mile** - every engineer, salesperson and analyst is responsible for the customer's final outcome.
- **Simple by Default** - if a feature needs a manual, we redesign it.
- **Safe Data, Safe Drivers** - customer data and driver privacy are protected at every step.
- **Small Steps, Fast Releases** - we ship small improvements every two weeks.

5. Founder and Leadership

Ishaan Deshpande started MFT after spending nine years at a large Indian road-transport company, where he managed a 600-vehicle fleet and saw first-hand how much money was lost to empty return trips and late deliveries.
